EXECUTIVE SUMMARY:

The applicant was discharged for Entry Level Performance And Conduct in the Fall of 2014. The Discharge occurred after 33 days of service at recruit training. Within the petition, the applicant has provided a lengthy account of the details while in service with assistance from a civilian attorney. There are also several supporting medical documents enclosed in the application packet. The Board notes that the applicant signed and acknowledged a memorandum and an administrative remarks entry for Discharge.

The Board finds no issues with propriety or equity in this case. The applicant received the same Discharge issued to recruits who are unable to meet the training requirements while at Training Center Cape May. The Narrative Reason and Reenlistment code issued do not suggest or categorize the applicant's service as adverse conduct.

An uncharacterized character of service is not derogatory in nature and is the prescribed character for individuals who were separated while at initial accession training and there was no associated conduct to warrant a less desirable character of service. An RE3 reenry code is not an affirmative recommendation for reenlistment, rather it represents that the applicant is not recommended for reenlistment due to a disqualifying factor. The RE3 code may be waived based upon the policies and needs of the gaining Service.

Board Addendum dated 3/3/2016: After further discussion with the Assistant Commandant for Human Resources, the Board notes that the applicant did not meet all of the physical procurement standards while at recruit training due to an injury. **Final Adjudication By Assistant Commandant for Human Resources:**
