

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

JRE
Docket No: 2036-01
11 June 2001

[REDACTED]

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 31 May 2001. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you enlisted in the Navy on 5 July 1977. Shortly thereafter, you disclosed a long history of enuresis (bed wetting), and were referred to a recruit aptitude board. On 28 July 1977, that board determined that you were temperamentally unsuited for military training, and recommended that you be discharged. Thereafter, you were found physically qualified for separation, and you certified that you had not suffered any injuries or illnesses during your period of service. You were discharged on 1 August 1977. The specific basis for your discharge is not shown in the available records.

It was clear to the Board that you were unsuitable for military service because of your enuresis. It was unable to conclude that the enuresis was a symptom of a seizure disorder, or that you were unfit for duty because of a disorder which was incurred in or aggravated by your brief period of service. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be

taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
