

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

TRG  
Docket No: 2206-07  
26 June 2008

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 24 June 2008. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You enlisted in the Navy on 2 November 2006 at age 18. Based on your performance while in recruit training you were referred for a psychiatric evaluation. Subsequently, you were diagnosed with a generalized anxiety disorder, post traumatic stress disorder and a personality disorder. Accordingly, you were recommended for administrative separation from the Navy. After review, the separation authority directed separation by reason of erroneous enlistment and the assignment of an RE-4 reenlistment code.

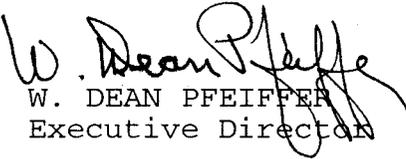

You are requesting a change in the reenlistment code so that you can reenter the military. You contend in effect that you have matured and can now adapt to military life. However, the diagnosis made while you were in the Navy was based in part on your admitted preservice adjustment problems which you did not disclose to your recruiter. The Board concluded that the RE-4 reenlistment code was properly assigned and no change is warranted.

Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the

Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PFEIFFER  
Executive Director
