

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

TRG
Docket No: 8194-07
8 February 2008

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 5 February 2008. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You enlisted in the Naval Reserve on 15 September 1964 with an 18 month delay for reporting to extended active duty. Subsequently, you were issued active duty for training orders (ACDUTRA) to attend recruit training and reported for training on 18 October 1964. You detached from recruit training on 5 January 1965. On 5 June 1965, you reported for 14 days of ACDUTRA and were detached on 18 June 1965, a period of 14 days. On 30 November 1965 you were dropped from a drilling status because you were not physically qualified and were honorably discharged for that reason of 10 February 1967.

You are requesting in effect, that your records be corrected wherever necessary to show that you have 90 days of continuous active duty. The Record of Naval Reserve Service (page 11) you submitted properly shows that during the quarter ending on 31 December 1964, that you completed 75 days of ACDUTRA and the remaining five days were credited in the next quarter (these totals apparently include two days travel time).

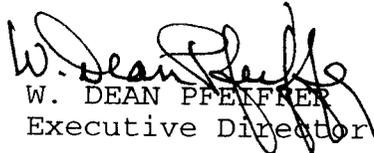

In view of the foregoing, it appears that your service has been properly computed and you have been treated no differently than many others who participated in reserve programs. Therefore, the Board concluded that a correction to your record to show

additional active service is not warranted.

Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
