Docket No: 598-08

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 27 August 2008. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

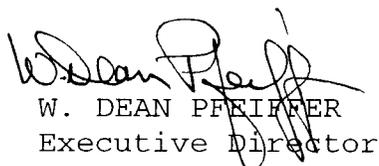

On 25 May 1978, you enlisted in the Marine Corps at age 17 with parental consent. During the period 11 December 1978 to 15 July 1980, you had three nonjudicial punishments (NJP's) and were convicted by a summary court-martial. Your offenses included possession of alcohol in the barracks, possession of marijuana, sleeping on post, a day of unauthorized absence (UA), absence from your appointed place of duty, disobedience of a lawful order, and violation of uniform regulations. On 20 October 1980, you were counseled regarding deficiencies in your performance and conduct and warned that further infractions could result in disciplinary action. On 29 April 1981, you had NJP for a four hour period of UA. On 1 May 1981, you were counseled regarding your frequent misconduct and warned that further infractions could result in administrative separation. On 15 May 1981, you had NJP for willful disobedience of a lawful order.

On 15 May 1981, your commanding officer initiated administrative separation by reason of misconduct due to frequent discreditable involvement. In connection with this processing, you acknowledged that separation could result in an other than honorable (OTH) discharge and waived the right to have your case heard by an administrative discharge board (ADB). On 24 June 1981, the separation authority approved the discharge recommendation and directed an OTH discharge by reason of misconduct due to frequent discreditable involvement. On 2 July 1981, you were so discharged.

The Board, in its review of your entire record and application, carefully weighed all potential mitigation, such as your youth and contention that the characterization is too harsh. Nevertheless, the Board concluded that these factors and contention were not sufficient to warrant recharacterization of your discharge due to the seriousness of your misconduct that continued even after you were warned that further infractions could result in administrative separation. The Board also noted that you waived the right to have your case heard by an ADB, your best opportunity for retention or a more favorable characterization of service. Therefore, the Board concluded that the discharge was proper as issued and no change is warranted. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
