Docket No: 904-08
8 April 2009

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 1 April 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

After careful and conscientious consideration of the entire record, the Board found the evidence submitted was insufficient to establish the existence of probable material error or injustice.

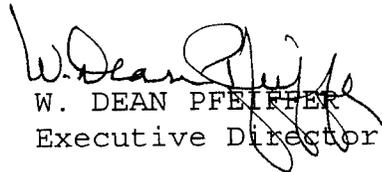

On 21 September 2005, you enlisted in the Navy at age 18. Based on the information currently contained in the record and your own admission, it appears that you were identified as being an alcohol rehabilitation failure due to repetitive alcohol related incidents, and your commanding officer subsequently initiated administrative separation by reason of alcohol rehabilitation failure. In connection with this processing, you would have acknowledged the separation action. Apparently, the separation authority approved the recommendation and directed an honorable discharge by reason of alcohol rehabilitation failure. On 8 January 2008, you were so discharged and assigned an RE-4 reenlistment code.

Regulations direct assignment of an RE-4 reenlistment code to members who are discharged due to alcohol rehabilitation failure. Since you have been treated no differently than others in your situation, the Board could not find an error or

injustice in the assignment of the RE-4 reenlistment code. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
