

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

BAN
Docket No: 00939-08
5 September 2008

[REDACTED]

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of Title 10, United States Code, Section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 3 September 2008. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

After careful and conscientious consideration of the entire record, the Board found the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You enlisted in the Navy in May 1983 and served without disciplinary incident until August 1983, when you received a page 13 for driving under the influence (DUI) of alcohol. Additionally, in December 1984, you received another page 13 for testing positive for an illegal drug during a command urinalysis, and were allowed to be retained in the service pending any further misconduct.

However, on 29 March 1990, you received a nonjudicial punishment for illegal use of drugs, specifically, methamphetamines. On 12 April 1990, you were recommended for separation due to drug abuse with an other than honorable (OTH) discharge. You waived your right to counsel and your right to an administrative separation board.

On 17 April 1990, the separation authority approved these recommendations and directed an OTH discharge with an RE-4 reenlistment code and on 11 May 1990, you were so discharged.

The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, such as your youth, post service conduct, and the passage of time. Nevertheless, the Board concluded these factors were not sufficient to warrant recharacterization of your discharge because of the seriousness of your misconduct. Accordingly, your application has been denied.

The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your client's case are such that favorable action cannot be taken. Your client is entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
