

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

BJG
Docket No: 1203-08
6 November 2008

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

You requested, in effect, removing the original fitness report for 1 August 2006 to 31 March 2007 and filing in its place the revised report for 31 July 2006 to 31 March 2007.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 6 November 2008. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the report of the Headquarters Marine Corps Performance Evaluation Review Board (PERB), dated 1 February 2008, a copy of which is attached.

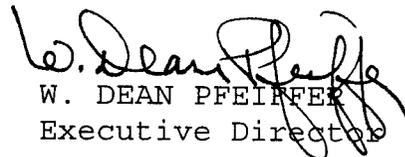

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the report of the PERB, noting the reviewing officer concurred with the contested

original marks the reporting senior (RS) assigned. While the Board recognized the RS's letter of 11 June 2007, requesting that the revised report be substituted for the original, was submitted less than two months after he had signed the original on 19 April 2007, the Board was unable to find the revised report was more fair and accurate than the original. In view of the above, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

Although the Board voted not to remove the original report or enter the revised report in your record, you may submit the RS's letter to future selection boards.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
