

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

RDZ:ecb  
Docket No. 01230-08  
20 May 2009

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 19 May 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You enlisted in the Navy on 24 October 1988 at which time you were fully briefed on the Navy's zero tolerance drug policy. Unfortunately on 11 May 1992 you were found guilty by a special court-martial of repeatedly using crystal methamphetamine between 20 November 1991 and 31 December 1991. The sentence of the court included a bad conduct discharge which you received on 3 August 1993.

The Board in its review of your application took into account your remorse for having committed these offenses as well as your

commendable post service conduct. Nevertheless the Board concluded that in view of your repeated acts of serious misconduct your discharge was fair and proper as issued and should not be changed now as a matter of clemency.

Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

A handwritten signature in cursive script, appearing to read "Robert D. Zsalmán".
