

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

SMS
Docket No: 3810-08
16 January 2009

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 14 January 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

After careful and conscientious consideration of the entire record, the Board found the evidence submitted was insufficient to establish the existence of probable material error or injustice.

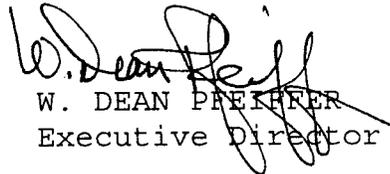

On 30 August 2005, you enlisted in the Navy at age 27. On 11 May 2006, a psychiatric evaluation diagnosed you as having schizophrenia and a paranoid personality disorder, and also stated that you were unsuitable for continued military service. On 25 May 2006, your commanding officer initiated administrative separation by reason of convenience of the government due to a personality disorder. In connection with this processing, you acknowledged the separation action. On 7 June 2006, the separation authority approved the recommendation and directed an honorable discharge by reason of convenience of the government due to a personality disorder. On 28 June 2006, you were so discharged and assigned an RE-4 reenlistment code.

Regulations authorize assignment of an RE-4 reenlistment code to members who are discharged due to a diagnosed personality disorder. The Board considered your post service psychiatric

treatment records that you provided, but concluded that such treatment would not negate your in-service psychiatric evaluation that found you unsuitable for further service. Since you have been treated no differently than others in your situation, the Board could not find an error or injustice in the assignment of the RE-4 reenlistment code. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
