

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

CRS
Docket No: 9745-08
30 November 2009

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 24 November 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you enlisted in the Navy on 21 March 1989. You received three nonjudicial punishments on three occasions for offenses that included wrongful use of marijuana and cocaine. On 25 August 1992 you were convicted by civil authorities of two traffic offenses and wrongful use of cocaine. The court sentenced you to probation for 24 months and payment of \$150.00 in administrative fees.

On 22 September 1992 your commanding officer recommended that you be separated from the Navy with a discharge under other than honorable conditions by reason of misconduct due to drug abuse. After being informed of the recommendation, you elected to waive the right to present your case to an administrative discharge board. On 21 October 1992 you were discharged by reason of misconduct with a discharge under other than honorable conditions.

In its review of your application the Board carefully weighed all potentially mitigating factors, such as your youth and overall service, as well as your unsubstantiated contention that a

traumatic experience caused you to commit acts of misconduct. The Board concluded that the mitigating factors present in your case are insufficient to warrant recharacterization of your discharge and that there is no basis for corrective action in your case. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
