BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

BJG  
Docket No: 10204-08

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

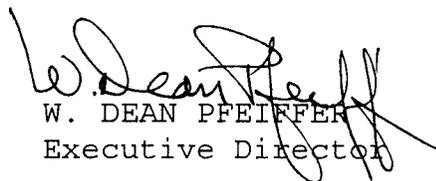

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 20 February 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the report of the Headquarters Marine Corps Performance Evaluation Review Board (PERB), dated 20 October 2008, a copy of which is attached. The Board also considered your rebuttal letter dated 30 December 2008 with enclosures.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the report of the PERB. The Board noted that the contested fitness report, specifically, the third officer sighting, already reflects that "marking block 6b ["Derogatory Material"] in this case was inappropriate." The Board further noted that the reporting senior never asserted you

had violated a specific order. The Board observed that the third sighting officer mentioned the Commander's Inquiry of 17 September 2007 stated you were briefed on the prohibitions against opposite sex visitation on or about 15 August 2007. Finally, the Board found your having been marked "not observed" in certain areas did not preclude the submission of an otherwise observed report. In view of the above, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PFEIFFER  
Executive Director
