

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

CRS
Docket No: 12182-08
30 November 2009

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 24 November 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you enlisted in the Navy on 24 October 1988. On 16 March 1989 you were found to be psychologically dependent on drugs and alcohol. On 14 April 1989 you received nonjudicial punishment for disorderly conduct, drunkenness, sniffing glue and driving under the influence. On 30 August 1989 a urine specimen you had submitted tested positive for marijuana.

On 5 September 1989 your commanding officer recommended that you be separated from the Navy with a discharge under other than honorable conditions by reason of misconduct due to drug abuse. On 4 December 1989 you were discharged by reason of misconduct due to drug abuse with a discharge under other than honorable conditions (UOTHC) and assigned a reentry code of RE-4. On 6 May 2008 the Board changed your discharge from UOTHC to an uncharacterized entry level separation.

The Board carefully considered your contention to the effect that your reentry code should be corrected since your characterization of service has been changed. The Board concluded, however, that as the assignment of a reentry code of RE-4 is required when an

individual is discharged by reason of misconduct, there is no basis for any corrective action in your case. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
