

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

SJN
Docket No: 01431-09
23 December 2009

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 15 December 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

After careful and conscientious consideration of the entire record, the Board found the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You enlisted in the Navy and began a period of active duty on 5 May 1986 at age 17. Based on the information currently contained in your record it appears that during the period from 10 July 1986 to 9 July 1987, you had three periods of unauthorized absence (UA) totaling 46 days. On 10 July 1987, you were convicted by special court-martial (SPCM) of nine specifications of UA totaling 77 days. You received confinement and a bad conduct discharge (BCD). You received the BCD after appellate review was completed.

The Board, in its review of your application, carefully weighed all potentially mitigating factors, such as your youth, overall record of service, and belief that your characterization of service would be upgraded upon completion of a substance abuse program. Nevertheless, the Board found that these factors were not sufficient to warrant recharacterization of your discharge given your conviction by SPCM for periods of UA totaling over 60 days. Concerning the upgrade of your characterization of service after completion of a substance abuse program, there is no

evidence in the record to support it, and you submitted no such evidence. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
