**DEPARTMENT OF THE NAVY**  
BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

BJG  
Docket No: 2867-09  
16 July 2009

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

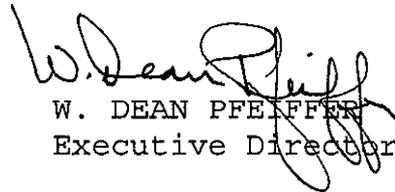

You requested completely removing the fitness report for 6 March 2007 to 23 January 2008. It is noted that the Commandant of the Marine Corps (CMC) has directed modifying the report by removing the entire section K (reviewing officer's marks and comments).

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 23 April 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the report of the Headquarters Marine Corps (HQMC) Performance Evaluation Review Board (PERB), dated 18 March 2009, a copy of which is attached. After the Board had considered your application, the HQMC PERB directed modifying the contested report as indicated above. A copy of the PERB's report, dated 18 June 2009, reflecting that action is enclosed.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the report of the PERB dated 18 March 2009. Accordingly, your application for relief beyond that effected by CMC has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PFEIFFER  
Executive Director
