BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

CRS  
Docket No: 4905-09  
19 February 2010

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 27 January 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

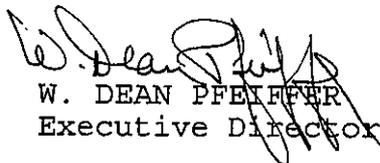

The Board found that you enlisted in the Marine Corps on 5 November 1985. You received nonjudicial punishment on two occasions for wrongful use of marijuana. On 6 February 1987 you were discharged by reason of misconduct due to drug abuse with a discharge under other than honorable conditions.

In its review of your application the Board carefully weighed all potentially mitigating factors, such as your youth and overall service as well as your unsubstantiated contention to the effect that you were the victim of sexual assaults while in the Marine Corps. The Board concluded that those factors in your case are insufficient to warrant upgrade of your discharge, given your repeated unlawful use of marijuana. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material

evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PFEIFFER  
Executive Director
