

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

JSR  
Docket No: 5057-09  
30 July 2009

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

You requested removing your failure of selection by the Fiscal Year (FY) 2010 Major Selection Board. You also requested consideration by a special selection board for the FY 2010 Major Selection Board.

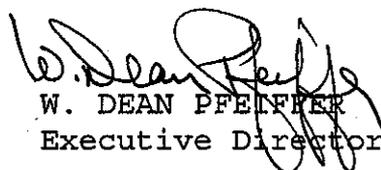

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 30 July 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion from Headquarters Marine Corps dated 4 June 2009, a copy of which is attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the advisory opinion in concluding that you have not shown it took longer than it should have for your completion of Expeditionary Warfare School (EWS) to be reflected in records

available to the FY 2010 Major Selection Board; and that you should have begun EWS sooner, to ensure completion in time to have it reflected in records available to the promotion board. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PFEIFFER  
Executive Director
