

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

CRS
Docket No: 6010-09
10 August 2009

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 29 July 2009. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you served on active duty in the Navy from 21 to 30 November 1995, when you received an entry level separation by reason of erroneous entry due to pre-service use of LSD, cocaine, and marijuana. You were assigned a reentry code of RE-4 as required by applicable directives in the case of service members who are discharged by reason of erroneous entry due to their pre-service abuse of illegal drugs. The Board concluded that there is no error or injustice in your reentry code, and that you have not demonstrated that it would be in the interest of justice for the Board to assign a more favorable code as an exception to policy. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the

existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
