

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

BJG
Docket No: 9256-09
27 May 2010

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 26 May 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. The Board found that you entered active duty in the Navy on 3 November 1987. On 12 November 1987, you were identified as a drug abuser and warned that further misconduct could result in administrative separation action. You received nonjudicial punishment (NJP) on two occasions for failure to go to and absence from your appointed place of duty, and wrongful use of a controlled substance. After your first NJP, you were counseled regarding unauthorized absences and warned that further misconduct could result in administrative discharge processing. You were notified of pending

administrative discharge processing with an other than honorable (OTH) discharge due to misconduct (drug abuse). You waived all of your procedural rights, including your right to an administrative discharge board (ADB). On 27 July 1989, you received an OTH discharge for misconduct (drug abuse), and were assigned an RE-4 reenlistment code.

In its review of your application, the Board carefully weighed all potentially mitigating factors, such as your youth. However, the Board found that your OTH discharge should not be changed due to his misconduct. The Board noted that you committed further misconduct after being counseled and warned that further offenses could result in administrative separation. The Board also noted that you waived your right to an ADB, your best opportunity for retention or a better characterization of service. In view of the above, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
