BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

HD:hd
Docket No. 11647-09
13 March 2010

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552. You requested that the date of your discharge from the Naval Reserve be changed from 31 July 1998 to 12 February 1995 or, if that change is not approved, November 1996; and that your failures of selection by the Fiscal Year 97 and 98 Reserve Line Lieutenant Commander Selection Boards be removed.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 11 March 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion furnished by the Navy Personnel Command dated 15 December 2009, a copy of which is attached. The Board also considered your letters dated 7 February 2010 and 16 February 2010 with attachments.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the advisory opinion. Accordingly, your application has been denied. The names and

votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
