BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

JRE
Docket No. 13115-09
1 October 2010

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 23 September 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the the enclosed rationale of the hearing panel of the Physical Evaluation Board that considered your case on 11 August 2005. In addition, the Board concluded that your receipt of disability ratings from the Department of Veterans Affairs (VA) for conditions other than those rated by the PEB is not probative of the existence of error or injustice in your naval record. The Board noted that although the VA rates all conditions that were incurred in or aggravated by a veteran's service, the military departments rate only those conditions that render a service member unfit for duty or contribute to an unfitting condition. It was not persuaded that the PEB should have awarded you disability ratings for any additional conditions.

In view of the foregoing, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
