

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

JRE
Docket No. 00442-10
11 February 2011

[REDACTED]

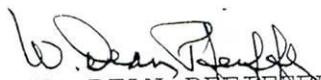

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 3 February 2011. After careful consideration of your application, the Board concluded that your application was not timely filed, and that it would not be in the interest of justice to excuse your failure to submit your application in a timely manner. Although you state that you discovered the alleged error or injustice in 2009, the Board concluded that you knew in 1976 that you had been discharged without entitlement to disability benefits administered by the Department of the Navy. The fact that your lengthy and disqualifying pre-service history of a psychotic disorder was not identified by Navy medical authorities during your one month of service was not considered probative of the existence of error or injustice in your record.

You may request reconsideration of this decision. Your request must include newly discovered relevant evidence which was not reasonably available to you when you submitted your application. The evidence may pertain to the timeliness of your application or to its merits. Absent such additional evidence, further review of your application is not possible.

Sincerely,

W. DEAN PFEIFFER
Executive Director
