BOARD FOR CORRECTION OF NAVAL RECORDS

WASHINGTON DC 20370-5100

Docket No. 00994-10
26 March 2010

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 24 March 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You enlisted in the Marine Corps on 17 December 1996 at age 25. Your record shows that upon enlistment you were fully briefed on the Marine Corps' zero tolerance drug policy the importance of which was only underscored by the established practice of conducting frequent urinalysis testing. Unfortunately you failed to conduct yourself in accordance with Marine Corps drug policy and pursuant to your plea of guilty you were convicted at a special court-martial on 12 January 1999 of unlawful use of marijuana. The sentence of the court included a bad conduct discharge (BCD).

The Board concluded that in view of the serious nature of the charge a BCD was properly imposed and should not be changed now as a matter of clemency.

Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
