

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

TAL
Docket No: 1320-10
29 October 2010

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10, United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 27 October 2010. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

After careful and conscientious consideration of the entire record, the Board found the evidence submitted was insufficient to establish the existence of probable material error or injustice.

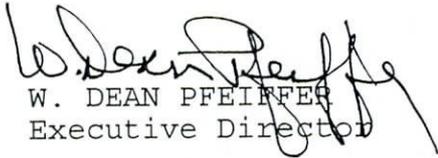

You enlisted in the Marine Corp and began a period of active duty on 1 November 1976 at age 19. You received nonjudicial punishment (NJP) on three occasions for assault, failure to obey a lawful order and unauthorized absence (UA) from your unit. On 30 September 1978, you were UA from your unit for a period of over seven years, until you were apprehended by civil authorities in Jacksonville, Florida, on 18 September 1986. On 17 October 1986, you submitted a written request for an other than honorable (OTH) discharge in order to avoid trial by court-martial for the foregoing charge of UA. Prior to submitting this request you conferred with a qualified military lawyer at which time you were advised of your rights and warned of the probable adverse consequences of accepting such a discharge. Your request was granted and the commanding officer directed your OTH discharge. As a result of this action, you were spared the stigma of a court-martial conviction and the potential penalties of a punitive discharge and confinement at hard labor. On 4 November 1986, you were discharged under OTH conditions.

The Board, in its review of your entire record and application carefully weighed all potentially mitigating factors, such as your youth and overall record of service. Nevertheless, the Board concluded these factors were not sufficient to warrant recharacterization of your discharge given the seriousness of your misconduct that resulted in three NJPs, a period of UA that totaled over seven years and 11 months, and request for discharge. The Board believed that considerable clemency was extended to you when your request for discharge to avoid trial by court-martial was approved. Further, the Board concluded that you received the benefit of your bargain with the Marine Corps when your request for discharge was granted and should not be permitted to change it now. Finally, there is no provision of law or in Navy regulations that allows for the recharacterization of service due solely to the passage of time. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

Regarding your request for a copy of your Certificate of Release or Discharge from Active Duty (DD Form 214), please be advised that the Board is not the authorized custodian of personnel records, and as such does not maintain copies of these records. However, you may obtain a copy of your naval record by submitting the enclosed Request Pertaining to Military Records (SF 180), to the National Personnel Records Center (Military Personnel Records), 9700 Page Boulevard, St. Louis, Missouri 63132.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
