

DEPARTMENT OF THE NAVY  
BOARD FOR CORRECTION OF NAVAL RECORDS  
2 NAVY ANNEX  
WASHINGTON DC 20370-5100

TJR  
Docket No: 3025-10  
26 January 2011

This is in reference to your application for correction of your naval record pursuant to the provisions of Title 10, United States Code, Section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 20 January 2011. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

After careful and conscientious consideration of the entire record, the Board found the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You enlisted in the Marine Corps on 29 August 1980 at age 18 and served without disciplinary incident until 14 May 1981, when you were convicted by general court-martial (GCM) of wrongful possession of marijuana and lysergic acid diethylamide (LSD) and theft of C-4 explosives and detonating cord. You were sentenced to confinement at hard labor for seven months and a \$2,000 forfeiture of pay.

On 27 July 1981 you submitted a written request for an other than honorable discharge in order to avoid trial by court-martial for three specifications of wrongful possession, sale, and transfer of marijuana. Prior to submitting this request you conferred with a qualified military lawyer at which time you were advised of your rights and warned of the probable adverse consequences of accepting such a discharge. Subsequently, your request was granted and the commanding officer was directed to issue you an other than honorable discharge by reason of the good of the service. As a result of this action, you were spared the stigma

of a court-martial conviction and the potential penalties of a punitive discharge and confinement at hard labor. On 17 August 1981 you were issued an other than honorable discharge.

The Board, in its review of your entire record and application carefully weighed all potentially mitigating factors, such as your youth and desire to upgrade your discharge. It also considered your assertions that you were not guilty of the offenses for which you requested discharge, and that you were coerced into pleading guilty by one of your superiors. Nevertheless, the Board concluded these factors were not sufficient to warrant recharacterization of your discharge because of the seriousness of your drug-related misconduct which resulted in a GCM and your request for discharge. The Board believed that considerable clemency was extended to you when your request for discharge to avoid trial by court-martial was approved. Further, the Board concluded that you received the benefit of your bargain with the Marine Corps when your request for discharge was granted and you should not be permitted to change it now. Finally, there is documented evidence in the record which is contrary to your assertions of being coerced or falsely accused in drug trafficking. Accordingly, your application has been denied.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PFEIFFER  
Executive Director
