BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

CRS
Docket No: 4675-09

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 25 February 2010. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you reenlisted in the Navy Reserve on 20 March 2003. Under the terms of your enlistment contract, you were required to participate in 48 drills and perform 14 days of active duty for training each year.

On 6 May 2005 your commanding officer recommended that you be separated with a general discharge by reason of unsatisfactory participation due to your failure to attend regularly scheduled drills. After review by the discharge authority, the recommendation for separation was approved and on 24 June 2005 you received a general discharge.

In its review of your application the Board carefully weighed all potentially mitigating factors, such as your youth, overall record of service, and the contention that you believed that you did not have to attend non-pay drills. The Board concluded that those factors were insufficient to warrant a change in the reason for your discharge. Accordingly, your application has been denied. The names and votes of the members of the panel will be

furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PERIFFER
Executive Director
