This is in reference to your application dated 15 May 2010, seeking reconsideration of your previous application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552. Your previous case, docket number 03789-09, was denied on 11 June 2009. You again requested removing the fitness reports for 15 March to 30 June 2005 and 30 September to 15 November 2005.

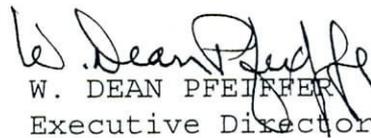

It is noted that the Commandant of the Marine Corps has directed removing the contested report for 15 March to 30 June 2005.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, reconsidered your case on 2 June 2011. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your current application, together with all material submitted in support thereof, the Board's file on your prior case, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the report of the Headquarters Marine Corps Performance Evaluation Review Board (PERB), dated 4 April 2011, a copy of which is attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the report of the PERB. Accordingly, the Board again voted to deny relief regarding the remaining contested fitness report. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

  
W. DEAN PFEIFFER  
Executive Director
