

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
2 NAVY ANNEX
WASHINGTON DC 20370-5100

BJG
Docket No: 1317-11
1 November 2011

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 1 November 2011. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You enlisted in the Marine Corps and entered active duty on 29 March 1982. You received nonjudicial punishment on three occasions and were convicted by a summary court-martial. Your offenses included unauthorized absence (two specifications), wrongfully using marijuana, wrongfully possessing and consuming alcoholic beverages in the barracks, assault, and drunk and disorderly conduct. You were then notified that your commanding officer was recommending you for administrative separation with an other than honorable (OTH) characterization

of service due to misconduct. You waived all of your procedural rights, including your right to an administrative discharge board (ADB). On 19 March 1984, you received an OTH characterization of service due to misconduct, and were assigned an RE-4 (not recommended for retention) reenlistment code.

In its review of your application, the Board carefully weighed all potentially mitigating factors, such as your youth, desire to upgrade your discharge, and alleged mental health issues. The Board concluded, however, that your discharge should not be changed due to numerous acts of misconduct. The Board found that you waived your right to an ADB, your best opportunity for retention or a better characterization of service. The Board noted that there is no evidence in the record to support your allegation, and you provided no such evidence. You are advised that no discharge is automatically upgraded due merely to the passage of time or post service good conduct. In view of the above, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
