

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

REC
Docket No: 06168-11
22 March 2012

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 21 March 2012. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

After careful and conscientious consideration of the entire record, the Board found the evidence submitted was insufficient to establish the existence of probable material error or injustice.

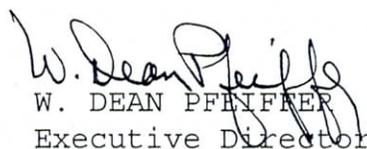

You entered active duty in the Marine Corps on 26 September 1989. On 7 December 1990, you received nonjudicial punishment (NJP) for using coercive language to cause another to attempt to perform indecent acts. On 3 January 1992, you commenced a period of unauthorized absence (UA) for 71 days. On 31 March 1992, you began a two day period of UA. On 4 April 1992, you began another two day period of UA. On 21 May 1992, you submitted a request for a good of the service discharge in order to avoid trial by court-martial for the periods of UA, and wrongful use of cocaine and methamphetamines. Prior to submitting this request for discharge, you conferred with a qualified military lawyer, were advised of your rights, and were warned of the probable adverse consequences of accepting such a discharge. Your request for discharge was granted and on 2 July 1992, you received an other than honorable (OTH) discharge and an RE-4 (not recommended for retention) reentry code for the

good of service to avoid trial by court-martial. As a result of this action, you were spared the stigma of a court-martial conviction and the potential penalties of a punitive discharge and confinement at hard labor.

The Board, in its review of your application, carefully weighed all potentially mitigating factors, such as your youth, and overall record of service. Nevertheless, the Board concluded these factors were not sufficient to warrant recharacterization of your discharge, and upgrading your reentry code because of your NJP, lengthy period of UA, drug use, and request for discharge. The Board believed that considerable clemency was extended to you when your request for discharge was approved. The Board also concluded that you received the benefit of your bargain with the Marine Corps when your request for discharge was granted and should not be permitted to change it now. Further, you are advised that there is no provision in the law or Marine Corps regulations that allows for recharacterization of your discharge automatically due solely to the passage of time. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

W. DEAN PFEIFFER
Executive Director
