BAN
Docket No: 05525-12
8 July 2013

From: Chairman, Board for Correction of Naval Records
To: Secretary of the Navy

Subj: REVIEW OF NAVAL RECORD OF [REDACTED]

Ref: (a) 10 U.S.C. 1552

Encl: (1) DD Form 149 with attachments
(2) Case summary
(3) Subject's naval record

1. Pursuant to the provisions of reference (a), Petitioner, a former enlisted member of the United States Navy, filed enclosure (1) with this Board requesting, in effect, that his RE-4 (not recommended for reenlistment) reentry code be changed to RE-1R (recommended for preferred reenlistment) code.

2. The Board, consisting of Mr. Zsalman and Ms. Trucco and Ms. Henkel, reviewed Petitioner's allegations of error and injustice on 30 April 2013 and, pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the enclosures, naval records, and applicable statutes, regulations, and policies.

3. The Board, having reviewed all the facts of record pertaining to Petitioner's allegations of error and injustice finds as follows:

a. Before applying to this Board, Petitioner exhausted all administrative remedies available under existing law and regulations within the Department of the Navy.

b. Petitioner enlisted in the Navy on 8 June 1987, and served without disciplinary action. On 6 June 1994, he was separated from active duty service, received an honorable discharge and an RE-4 reentry code. Further, his overall performance average was 4.0 prior to his separation.

c. Petitioner's final evaluation recommended him for preferred reenlistment with a reentry code of RE-1R.

CONCLUSION:

Upon review and consideration of all the evidence of record the Board concludes that Petitioner's request warrants favorable action. Although the Board notes that Petitioner waited a long time before requesting a change to his reentry code, it finds that the RE-4 reentry code was erroneous. Therefore, the Board concludes that his RE-4 reentry code of 6 June 1994 be changed to RE-1R. In view of the above, the Board recommends the following corrective action.

RECOMMENDATION:

a. That Petitioner's naval record be corrected to show that on 6 June 1994, he received an RE-1R reentry code vice an RE-4 reentry code, now of record.

b. That any material or entries inconsistent with or relating to the Board's recommendation be corrected, removed, or completely expunged from Petitioner's record and that no such entries or material be added to the record in the future.

4. Pursuant to Section 6(c) of the revised Procedures of the Board for Correction of Naval Records (32) Code of Federal Regulations, Section 723.6(c) it is certified that a quorum was present at the Board's review and deliberations, and that the foregoing is a true and complete record of the Board's proceedings in the above entitled matter.
