Docket No: 2598-13

[REDACTED]

[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 29 January 2014. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice.

The Board found that you enlisted in the Navy on 30 March 2009. On 4 February 2010 you were diagnosed with an adjustment disorder with a depressed mood and bulimia nervosa. You were separated from the Navy with an honorable discharge on 1 March 2010, by reason of a condition, not a disability, which interfered with your performance of duty. You were assigned a reentry code of RE-3G, as permitted by governing directives.

An RE-3G reentry code is the most favorable code authorized by regulatory guidance for individuals discharged due to a condition not a disability. The Board thus concluded that there is no error or injustice in your reentry code. Accordingly,

your application has been denied. The names and votes of the members of the panel will be furnished upon request.

Concerning your request to be advanced to seaman (E-3), there is no evidence that you were advanced to seaman nor have you provided any.

Your request for a Global War on Terrorism Service Ribbon should be addressed to the Navy Personnel Command, PERS-312, Department of the Navy, 5720 Integrity Drive, Millington TN 38055-0312.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

ROBERT D. ZSALMAN
Acting Executive Director
