

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

HD
Docket No: NR6340-13
11 April 2014

[REDACTED]

Dear Petty Officer [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

You requested removing your special enlisted performance evaluation report for 16 November 2011 to 6 June 2012 and your evaluation for 7 to 8 June 2012, and submitting your evaluation for 16 November 2011 to 8 June 2012 for processing to your record. You also requested reinstatement of your original time in rate (TIR) date and effective date for pay in pay grade E-6 and pay grade E-6 permanent change of station (PCS) allowances.

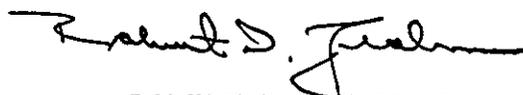

It is noted that the Navy Personnel Command (NPC) has administratively removed the contested special evaluation and reinstated your original TIR and effective dates for pay grade E-6. If you have not received your pay grade E-6 allowances, you should contact your Personnel Support Detachment.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 10 April 2014. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinions furnished by the Navy Personnel Command dated 20 September and 16 December 2013, copies of which are attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the advisory opinions. Accordingly, your application for relief beyond that effected by NPC has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

ROBERT D. ZSALMAN
Acting Executive Director

Enclosure
