

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

BC
Docket No: 07629-13
2 September 2014

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10, of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 27 August 2014. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

After careful and conscientious consideration of the entire record, the Board found the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You reenlisted in the Marine Corps on 13 April 1985, after more than two years of prior honorable service. On 31 October 1988, you were convicted by a special court-martial (SPCM) of wrongful use of cocaine and sentenced to a reduction in pay grade and a bad conduct discharge (BCD). You were separated with a BCD on 22 June 1990, upon completion of the appellate review of your conviction and sentence.

The Board, in its review of your application, carefully considered all potentially mitigating factors present in your case, such as your prior honorable service. Nevertheless, the Board found those factors insufficient to warrant recharacterization of your service given your conviction of a serious drug offense. Accordingly, your application has been

denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,
