

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

BC
Docket No: 00321-14
14 April 2014

From: Chairman, Board for Correction of Naval Records
To: Secretary of the Navy

Subj: [REDACTED]

Ref: (a) 10 U.S.C. 1552

Encl: (1) DD Form 149 with attachments
(2) Subject's naval record

1. Pursuant to the provisions of reference (a), Petitioner, a former enlisted member of the Marine Corps, filed enclosure (1) with this Board requesting, in effect, that his RE-2C (transferred to the Fleet Marine Corps Reserve (FMCR) at maximum service limitation for grade) reentry code, issued on 12 April 2012, be changed. He further requested that his foreign service and sea service entries on his Certificate of Release or Discharge from Active Duty (DD Form 214) be corrected. This request was not considered by the Board because he has not exhausted his administrative remedy of applying to Headquarters Marine Corps to make this correction.

2. The Board, consisting of Mr. Clemmons, Mr. Tew, and Ms. Henkel, reviewed Petitioner's allegations of error and injustice on 19 March 2014, and, pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the enclosures, naval records, and applicable statutes, regulations and policies.

3. The Board, having reviewed all the facts of record pertaining to Petitioner's allegations of error and injustice finds as follows:

a. Petitioner entered the Marine Corps on 30 December 2002, and served over nine years of honorable service. There is no disciplinary action reflected in his record. On 12 April 2012, he was separated with an honorable discharge and assigned an RE-

2C reentry code. This code is erroneous as he was not transferred to the FMCR. He should have been assigned an RE-1A (recommended and eligible) reentry code.

CONCLUSION:

Upon review and consideration of all the evidence of record, the Board concludes that Petitioner's request warrants favorable action.

The Board concludes that based upon his overall record of service, that relief in the form of changing his RE-2C to an RE-1A is warranted. In view of the above, the Board directs the following corrective action.

RECOMMENDATION:

a. That Petitioner's naval record be corrected to show that he received an RE-1A vice an RE-2C reentry code on 12 April 2012.

b. That any material or entries inconsistent with or relating to the Board's recommendation be corrected, removed or completely expunged from Petitioner's record and that no such entries or material be added to the record in the future.

c. That any material directed to be removed from Petitioner's naval record be returned to the Board, together with a copy of this Report of Proceedings, for retention in a confidential file maintained for such purpose, with no cross reference being made a part of Petitioner's naval record.

4. Pursuant to Section 6(c) of the revised Procedures of the Board for Correction of Naval Records (32 Code of Federal Regulations, Section 723.6(c) it is certified that a quorum was present at the Board's review and deliberations, and that the foregoing is a true and complete record of the Board's proceedings in the above entitled matter.
