Docket No: NR978-14
26 June 2014

[REDACTED]

Dear Petty Officer [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

You requested that the enlisted performance evaluation report for 16 November 2007 to 15 November 2008 be modified by removing, from block 43 ("Comments on Performance"), "- #36. Failed to live up to Core Values by procrastating [sic] and submitting late LDO [limited duty officer] package. [Your] integrity was compromised when timeliness of submission was questioned." and raising the mark in block 36 ("Military Bearing/Character") from "2.0" (second lowest of five possible marks) to "3.0" (third best).

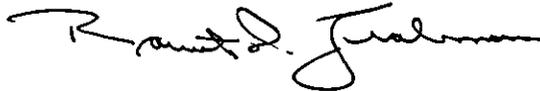

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 26 June 2014. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion furnished by the Navy Personnel Command dated 4 April 2014, a copy of which is attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the advisory opinion, noting that the comment at issue does not suggest

application for LDO is required. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

A handwritten signature in cursive script, appearing to read "Robert D. Zsalmán".

ROBERT D. ZSALMAN
Acting Executive Director
