This is in reference to your application for correction of your naval record pursuant to the provisions of 10 USC 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 16 June 2014. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion furnished by CNPC Memo 1780 PERS-312 of 2 Apr 14, a copy of which is attached.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In making this determination, the Board concurred with the comments contained in the advisory opinion. The Board found that Block 5 of your Enlistment/Reenlistment Document (DD Form 4) and your Report of Home of Record and Place from Which Ordered to Active Duty (NAVPERS 1070/74) both reflect your Home of Record (HOR) as Tallahassee, FL. Furthermore, according to MILPERSMAN 1000-100 "Only if a break in service exceeds 1 full day (more than 24 hours) may the member change the HOR." You did not have any break in service which would have facilitated changing your HOR. Accordingly, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

ROBERT D. ZSALMAN  
Acting Executive Director
