

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

TLG
Docket No: 5905-14
28 May 2015

[REDACTED]

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 22 May 2015. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

After careful and conscientious consideration of the entire record, the Board found the evidence submitted was insufficient to establish the existence of probable material error or injustice.

You enlisted in the Navy and began a period of active duty on 19 July 1985. The Board found that on 14 April 1988, you received nonjudicial punishments (NJP) for three instances of sodomy, and committing an indecent act while onboard a Navy vessel. Additionally, you made a statement that you were a homosexual and participated in homosexual acts onboard ship. Subsequently, administrative discharge action was initiated by reason of homosexual admission. After being afforded all of your procedural rights, your case was forwarded to the separation authority recommending you receive an other than honorable (OTH) discharge. The separation authority concurred and directed that you be separated with an OTH discharge due to homosexuality. You were so discharged on 13 May 1988.

The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, such as your desire to upgrade your characterization of service change pursuant to the Don't ask, Don't tell Repeal Act of 2010. Nevertheless, the Board concluded these factors were not sufficient to warrant recharacterization of your discharge given your admission that you engaged in homosexual acts onboard a Naval vessel. In this regard, the Board noted that you admitted to participating in homosexual acts under aggravating circumstances that have an adverse impact on morale and discipline. In your case, you engaged in homosexual acts onboard a Naval vessel, which is sufficient even under current standards to warrant an OTH discharge. Please be advised that under 10 United States Code (U.S.C.) 654 (Repeal), the Board can grant a request to upgrade a discharge based on homosexuality when two conditions are met: (1) the original discharge was based solely on "don't ask don't tell" (DADT) or similar policy in place prior to enactment of DADT and (2) there were no aggravating factors such as misconduct. In your case, the Board found an aggravating factor. The Board concluded your discharge was proper as issued and no change is warranted. Accordingly, your application has been denied.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence within one year from the date of the Board's decision. New evidence is evidence not previously considered by the Board prior to making its decision in your case. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert J. O'Neill", written in a cursive style.
