[REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of 10 USC 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 2 March 2015. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion furnished by CNPC memo 1780 PERS-314 of 25 November 2014, a copy of which is attached.

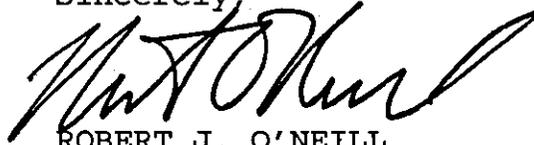

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In making this determination, the Board concurred with the comments contained in the advisory opinion. The Board noted that once you completed and signed the Montgomery GI Bill Act of 1984 (MGIB) form on 2 May 2006 agreeing to sign up for the "Buy-Up" program, it was your responsibility to either set up an allotment or pay via a lump sum cash payment; and you failed to properly execute the necessary procedures to ensure that the required payments were made as it was your responsibility to do so before you were released from active duty.

Under these circumstances, the Board found that no relief is warranted. Accordingly, your application has been denied. The

names and votes of the members of the panel will be furnished upon request.

It is regrettable that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new evidence within one year from the date of the Board's decision. New evidence is evidence not previously considered by the Board prior to making its decision in this case. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

ROBERT J. O'NEILL
Executive Director
