

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

ES
Docket No: 6519-14
14 May 2015

[REDACTED]

Dear [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your application on its merits. A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 29 April 2015. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record, and applicable statutes, regulations, and policies.

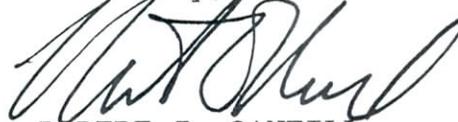

Your record contains a Report of Medical History dated 30 December 1998, in which you responded "No" to question regarding "bed wetting since age 12."

You enlisted in the Marine Corps and began a period of active duty on 23 February 1999. Shortly thereafter, you were diagnosed with nocturnal enuresis and recommended for an administrative separation. Subsequently, administrative separation action was initiated by reason of fraudulent entry due to the diagnosed nocturnal enuresis. As a result of this action, on 23 March 1999, you were issued an uncharacterized entry level separation by reason of defective enlistment and induction - fraudulent enlistment and assigned an RE-3F reenlistment code.

The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, such as your desire to change your narrative reason for separation. Nevertheless, based on the information currently contained in your record, the Board concluded these factors were not sufficient to warrant relief in your case given your documented fraudulent entry as evidenced by your failure to disclose your pre-service medical condition of nocturnal enuresis. Further, applicable regulations authorize an uncharacterized entry level separation if the processing of an individual's separation begins within 180 days of the individual's entry on active service.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence within one year from the date of the Board's decision. New evidence is evidence not previously considered by the Board prior to making its decision in your case. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert J. O'Neill", written in a cursive style.
