701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

Docket No: NR8485-14

21 August 2014

Dear Commander [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552. Your previous case, docket number NR2069-13, was denied on 15 May 2014. You now seek the same relief you requested in your previous case.

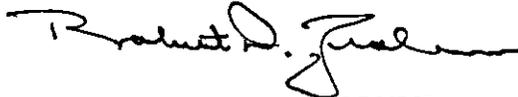

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, reconsidered your application on 21 August 2014. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, the Board's file on your prior case, and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinions furnished by the Navy Personnel Command dated 7 May and 9 and 17 December 2013 and 10 January 2014, copies of which are attached. The Board also considered your letters dated 8 July 2014 with attachments and 8 August 2014.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the advisory opinions dated 7 May and 9 and 17 December 2013. Since the Board found insufficient basis to grant relief regarding your detachment for cause or fitness reports, it had no grounds for favorable action on any of your other requests. In view of the above, the Board again

voted to deny relief. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new and material evidence or other matter not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

A handwritten signature in cursive script, appearing to read "Robert D. Zsalmán".
