Docket No: NR9395-14

11 December 2014

[REDACTED]

Dear Commander [REDACTED]

This is in reference to your application for correction of your naval record pursuant to the provisions of title 10 of the United States Code, section 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 11 December 2014. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof and applicable statutes, regulations and policies. In addition, the Board considered the advisory opinion furnished by the Navy Personnel Command dated 24 October 2014, a copy of which is attached. The Board also considered your letter dated 21 November 2014 with enclosure.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the advisory opinion. The statement at enclosure (1) to your letter of 21 November 2014, which was from an officer other than the reporting senior, did not persuade the Board that any of the marks assigned in the fitness report at issue should have been higher. In view of the above, your application has been denied. The names and votes of the members of the panel will be furnished upon request.

It is regretted that the circumstances of your case are such that favorable action cannot be taken. You are entitled to have the Board reconsider its decision upon submission of new evidence within one

year from the date of the Board's decision. New evidence is evidence not previously considered by the Board prior to making its decision in this case. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

A handwritten signature in black ink, appearing to read "R. J. O'Neill", written in a cursive style.
