

DEPARTMENT OF THE NAVY

BOARD FOR CORRECTION OF NAVAL RECORDS 701 S. COURTHOUSE ROAD, SUITE 1001 ARLINGTON, VA 22204-2490

> Docket No. 4278-16 AUG 1 C 2017

Dear

This is in reference to your application for correction of your naval record pursuant to the provisions of 10 USC 1552.

Although your application was not filed in a timely manner, the Board found it in the interest of justice to waive the statute of limitations and consider your case on its merits. A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 9 May 2017. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. The advisory opinion provided in Chief, Bureau of Medicine and Surgery (BUMED) letter 5400 Ser DTF/16UDTF0043 dated 21 July 2016 was sent to you on 17 August 2016 and is being provided to you now. After the 30 day period for comment expired without a response, the case was presented to the Board.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the advisory opinion and specifically in accordance with OPNAVINST 1120.4B, the degree must be in a field that contributes directly to performance in the primary medical or surgical specialty to which you were appointed. At the time of your entry, you received four (4) years of constructive credit for your Osteopathic Degree. In addition, credit may be given for only one degree in a single field. Accordingly, your application has been denied.

It is regretted that the circumstances of your case are such that favorable action cannot be taken at this time. You are entitled to have the Board reconsider its decision upon the submission of new and material evidence. New evidence is evidence not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all

official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

Executive Director
