Dear ██████████

This is in reference to your application for correction of your naval record pursuant to the provisions of 10 U.S.C. 1552.

A three-member panel of the Board for Correction of Naval Records, sitting in executive session, considered your application on 13 March 2017. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, your naval record and applicable statutes, regulations and policies. The advisory opinion provided by Head Quarters Marine Corps (MIQ) dated 13 December 2016, was previously sent to you on 24 January 2017 for an opportunity to comment prior to being considered by the Board.

Regarding your request for a personal appearance, the Board determined that a personal appearance with or without counsel will not materially add to their understanding of the issue(s) involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

After careful and conscientious consideration of the entire record, the Board found that the evidence submitted was insufficient to establish the existence of probable material error or injustice. In this connection, the Board substantially concurred with the comments contained in the advisory opinion. Specifically, the Board found that as a recommend corrective action the Administrative Remarks (Page 11) counseling recommended that you be removed from your position as the Government Travel Charge Card (GTCC) Program Coordinator and seek counseling for your misconduct for your abuse of your Government Travel Charge Card. Accordingly, your application has been denied.

It is regretted that the circumstances of your case are such that favorable action cannot be taken at this time. You are entitled to have the Board reconsider its decision upon the submission of new and material evidence. New evidence is evidence not previously considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all

official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

Executive Director
