

accepted assignment in the Aircraft Maintenance Administration Specialist MOS (6046) / PEF (CB) with term of enlistment of 5 years.

You requested to change your EAS (End of Active Service) to the correct date of 2 December 2022; the Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. However, the Board concluded that according to your Statement of Understanding, you are still required to serve the 5-year TOE even though you were removed from training for that MOS. Furthermore, you accepted assignment to MOS 6046 with a term of 5 years. In this connection, the Board substantially concurred with the comments contained in the advisory opinion.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

11/28/2021
