

operations while deployed; and a Letter of Appreciation for your services while attached to CAG-11. You assert that the detachment Fitrep is unjust and it has effectively derailed your promotion opportunity. You further assert that CO's have discretion when rating Service members; however, Navy tradition has evolved into giving detachment Service members a 1 of 1 'EP' in their transfer Fitrep.

The Board, however, substantially concurred with the AO that the Eval is valid as written and filed, in accordance with the applicable Navy Performance Evaluation System (PES) guidance. Specifically, you provided insufficient evidence to establish any injustice by the CO or your request to lateral transfer had any relevance on the Fitrep or a decrease in your responsibilities subsequent to your deployment. The Board felt the CO gave you a fair assessment of your performance, capabilities and promotion recommendation in accordance with the PES Manual. Furthermore, the Board determined that your perception of the Naval tradition in assigning an 'EP' promotion recommendation is unsupported by the PES manual. The Board thus concluded that your request is lacking in substantial evidence of an error or injustice warranting removal of this report.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,
