701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

Docket No. 1979-21
Ref: Signature Date

■
Dear Petitioner:

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 23 November 2021. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations and policies, as well as the 16 March 2021 decision by the Marine Corps Performance Evaluation Review Board (PERB) and the 26 January 2021 Advisory Opinion (AO) provided to the PERB by the Manpower Management Division Records and Performance Branch (MMRP-30). The PERB decision and the AO were provided to you on 16 March 2021. Although you were afforded an opportunity to submit a rebuttal, you did not do so.

The Board determined your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined a personal appearance was not necessary and considered your case based on the evidence of record.

The Board carefully considered your request to remove your fitness report for the reporting period 1 July 2019 to 30 September 2019. The Board considered your contention the Reviewing Officer's (RO) comments were biased, did not reflect an honest assessment of your potential to perform in billets of higher responsibility, and conflicted with the Reporting Senior's comments. You also imply the report was written in reprisal for events that took place prior to being assigned to the RO's division.

The Board noted the PERB modified the contested fitness report by removing a comment from Section K-4 that stated "He is best suited for billets of responsibility consistent with the rank of

gunnery sergeant in his military occupational specialty.” The Board substantially concurred with the AO and the PERB decision that the report, as modified by the PERB, is valid as written and filed, in accordance with the applicable PES Manual guidance. In this regard, the Board, noting you did not submit evidence to suggest that your performance warranted higher marks than received, concluded the markings you received were consistent with your performance for the reporting period.

The Board noted you submitted a complaint of reprisal in January 2020 to the Inspector General of the Marine Corps (IGMC) which was investigated but not substantiated. The Board further noted that, based on the preponderance of the evidence, the IGMC concluded the RO did not lower your fitness report markings in reprisal for making protected communications.

The Board thus determined there was insufficient evidence to conclude you were the victim of reprisal in violation of 10 USC 1034. 10 USC 1034 provides the right to request Secretary of Defense review of cases with substantiated reprisal allegations where the Secretary of the Navy’s follow-on corrective or disciplinary actions are at issue. Additionally, in accordance with DoD policy you have the right to request review of the Secretary of the Navy’s decision regardless of whether your reprisal allegation was substantiated or non-substantiated. Your written request must show by clear and convincing evidence that the Secretary of the Navy acted arbitrarily, capriciously, or contrary to law. This is not a *de novo* review and under 10 USC 1034(c) the Secretary of Defense cannot review issues that do not involve reprisal. You must file within 90 days of receipt of this letter to the Under Secretary of Defense for Personnel and Readiness (USD(P&R)), Office of Legal Policy, 4000 Defense Pentagon, Washington, DC 20301-4000. Your written request must contain your full name, grade/rank, duty status, duty title, organization, duty location, mailing address, and telephone number; a copy of your BCNR application and final decisional documents; and, a statement of the specific reasons why you are not satisfied with this decision and the specific remedy or relief requested. Your request must be based on factual allegations or evidence previously presented to the BCNR, therefore, please also include previously presented documentation that supports your statements.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

12/17/2021

Deputy Director
