Dear ██████████

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 19 October 2021. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies.

You requested to correct your rank to Radioman Second Class (RM2)/E-5 on your DD Form 214, Armed Forces of the United States Report of Transfer or Discharge. The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors to include your assertions. The Board concluded that Bureau of Naval Personnel Instruction 1900.2A specifies the DD Form 214 is designed to provide the individual being released, transferred, or discharged from active with documentary evidence of active military service. A review of your record reflects that you participated in the February 1961 Navy Wide Advancement Exam for RM2/E-5 but was released from active duty and transferred to the Navy Reserve on 16 April 1961 prior to the effective date of advancement. On 14 June 1961, Commanding Officer, U.S. Naval Reserve Training Center, ██████████ submitted an advancement determination request to the Chief of Naval Personnel (CNP). On 30 June 1961, CNP authorized your advancement to RM2/E5 "on or subsequent to the receipt of this letter"; you advanced to RM2/E-5 effective 7 July 1961 while a member of the Navy Reserve. Subsequently, you were honorably discharged from the Naval Reserve on 30 June 1963 in rate/rank of RM2/E-5.
