Docket No. 5225-21

Dear █

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted was insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 23 November 2021. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board considered the advisory opinion contained in █
█ memorandum █ of 18 October 2021; a copy of which was previously provided to you for comment.

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

You requested relief in the adjustment of record to reflect accurate Home of Record (HOR). The Board, in its review of relevant portions of your naval record and application, carefully weighed all potentially mitigating factors, to include your assertions. However, the Board concluded that in accordance with Military Personnel Manual Article 1000-100, HOR is the place recorded as the Service member's home when commissioned, appointed, enlisted, inducted, or ordered into a tour of active duty. Specifically in your case after a review of your Enlistment/Reenlistment Documents (DD Form 4) and Application for Enlistment in the Armed Forces of the United States, both list HOR as █. In this connection, the Board substantially concurred with the comments contained in the advisory opinion.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

12/16/2021
