

DEPARTMENT OF THE NAVY
BOARD FOR CORRECTION OF NAVAL RECORDS
701 S. COURTHOUSE ROAD, SUITE 1001
ARLINGTON, VA 22204-2490

Docket No. 5574-21
Ref: Signature Date

Dear [REDACTED],

This is in reference to your application for correction of your naval record pursuant to Section 1552 of Title 10, United States Code. After careful and conscientious consideration of relevant portions of your naval record and your application, the Board for Correction of Naval Records (Board) found the evidence submitted insufficient to establish the existence of probable material error or injustice. Consequently, your application has been denied.

A three-member panel of the Board, sitting in executive session, considered your application on 8 December 2021. The names and votes of the members of the panel will be furnished upon request. Your allegations of error and injustice were reviewed in accordance with administrative regulations and procedures applicable to the proceedings of this Board. Documentary material considered by the Board consisted of your application, together with all material submitted in support thereof, relevant portions of your naval record and applicable statutes, regulations, and policies. In addition, the Board considered the advisory opinion contained in Commander, Naval Supply Systems Command (NAVSUP) letter 5420 Ser SUP 04/027 of 22 October 2021; a copy of which was previously provided to you for comment.

The Board determined that your personal appearance, with or without counsel, would not materially add to their understanding of the issues involved. Therefore, the Board determined that a personal appearance was not necessary and considered your case based on the evidence of record.

On 9 March 2010, you entered active duty. On 10 July 2017, you reported to [REDACTED]. On 18 May 2020, you were issued BUPERS Order [REDACTED] 0. On 23 June 2020, you signed the application for transfer and advances (NPPSC 1300/1). On 28 July 2020, you signed the application for a do it yourself (DITY) move (DD Form 2278). On 9 September 2020, you detached [REDACTED]. On 13 November 2020, after completing an intermediate activity, you reported to VAQ 134.

You requested your deficit of \$6,722.37 be dropped. The Board, in its review of your entire record and application, carefully weighed all potentially mitigating factors, to include your assertions. The Board agreed that your DD Form 2278 annotated a reimbursement of

\$29,125.04, however, this amount is an estimate. The Board concluded that concluded that for a DITY move, reimbursement is conducted in accordance with the Joint Travel Regulation (JTR), paragraph 051502.F. Reimbursement is based on the Government Constructed Cost (GCC) of the actual weight moved, limited to the authorized permanent change of station (PCS) weight allowance. The Board agreed that your cost of the move was reimbursed and the incentive for the weight of your household goods (HHG) were paid. The Board found no error or injustice to warrant a change to your record. In this connection, the Board substantially concurred with the comments contained in the advisory opinion.

You are entitled to have the Board reconsider its decision upon submission of new matters, which will require you to complete and submit a new DD Form 149. New matters are those not previously presented to or considered by the Board. In this regard, it is important to keep in mind that a presumption of regularity attaches to all official records. Consequently, when applying for a correction of an official naval record, the burden is on the applicant to demonstrate the existence of probable material error or injustice.

Sincerely,

1/13/2022
