(3) Subject's naval record

- 1. Pursuant to the provisions of reference (a) Subject, hereinafter referred to as Petitioner, filed enclosure (1) with the Board for Correction of Naval Records (Board), requesting her naval record be corrected to show Petitioner's End of Active Obligated Service (EAOS) is 13 December 2022.
- 2. The Board, consisting of property and provided peritioner's allegations of error and injustice on 30 November 2021 and, pursuant to its regulations, determined that the corrective action indicated below should be taken on the available evidence of record. Documentary material considered by the Board consisted of the enclosures, relevant portions of Petitioner's naval record, and applicable statutes, regulations and policies.
- 3. The Board, having reviewed all the facts of record pertaining to Petitioner's allegations of error and injustice, finds as follows:
- a. Before applying to this Board, Petitioner exhausted all administrative remedies available under existing law and regulations within the Department of the Navy.
- b. On 14 December 2016, Petitioner entered active duty as an E-3 for 4 years with an EAOS of 13 December 2020 and Soft End of Active Obligated Service (SEAOS) of 13 December 2022. Petitioner entered under the Nuclear Field (NF 6YO) Program.
- c. On 14 December 2016, Petitioner signed an agreement to extend enlistment for 24 months with a SEAOS of 13 December 2022 in order to meet training as an Aircrew Rescue Swimmer and accelerated advancement to paygrade E-4 in accordance with MILPERSMAN 1220-010.
- d. In correspondence attached as enclosure (2), the office having cognizance over the subject matter addressed in Petitioner's application has commented to the effect that the request has merit and warrants favorable action.

## CONCLUSION

Upon review and consideration of all the evidence of record, and especially in light of the contents of enclosure (2), the Board finds the existence of an injustice warranting the following corrective action. The Board concluded that Petitioner's extension of enlistment signed on 14 December 2016 listed "Training as an Aircrew Rescue Swimmer" rather than "Nuclear A School and prototype" as the reason for extension. In the process of correcting the verbiage on the extension of enlistment, an additional 24-month extension was created. Both extensions were made operative resulting in an erroneous EAOS and SEAOS as 13 December 2024.

## RECOMMENDATION

That Petitioner's naval record be corrected, where appropriate, to show that:

Petitioner's 24-month agreement to extend enlistment (NAVPERS 1070/621) signed on 14 December 2016 in order to meet training as an Aircrew Rescue Swimmer and accelerated advancement to paygrade E-4 in accordance with MILPERSMAN 1220-010 is removed.

Note: This will establish a new EAOS/SEAOS of 13 December 2022.

A copy of this Report of Proceedings will be filed in Petitioner's naval record.

- 4. It is certified that quorum was present at the Board's review and deliberations, and that the foregoing is a true and complete record of the Board's proceedings in the above entitled matter.
- 5. Pursuant to the delegation of authority set out in Section 6(e) of the revised Procedures of the Board for Correction of Naval Records (32 Code of Federal Regulations, Section 723.6(e)) and having assured compliance with its provisions, it is hereby announced that the foregoing corrective action, taken under the authority of reference (a), has been approved by the Board on behalf of the Secretary of the Navy.
